Basic Information

About ARC

The ARC provides services to students with documented disabilities. Students must contact the ARC directly, as disability information from high school does not automatically forward to the college.

To receive accommodations, students must provide current documentation of their disability and meet with the Disability Services Coordinator to determine what assistance may be available. Students are encouraged to begin this process no later than a month before the beginning of the semester.

Philosophy

Favorite Quotes "Self-advocacy is the key."

"Asking for help is a sign of a good student—not a weakness."

"It's ok not to understand something; you're here to learn. If you already knew everything, you wouldn't need to be here!"

Activities and Interests

Interests [Teaching students about their learning styles, assessing strengths and weaknesses, improving students' study habits, developing self-advocacy skills](#)

Activities [Securing academic accommodations \(e.g. extended testing time, non-distracting testing environments, auditory testing, notetakers, sign-language interpreters, modified materials, etc.\)](#)
