Basic Information

About the Library

The Library is the place to be! At the Library, you can check out books (including some textbooks), get your Kish photo ID, use the computer lab, or plug in your laptop. It's also a great place to study on your own or with a group of friends.

Through the Library's online databases, you have access to research articles that you can't find on the Web. Best of all, you can meet the helpful staff, who will assist you with all your information needs. The Library exists to share knowledge and fuel student aspirations!
