### Basic Information

#### About Student Activities

The Student Activities Office provides you the unique opportunity to engage with your peers and your college beyond the classroom. Participation in clubs and organizations enhances leadership skills, improves the campus and community, brings together new friends, and adds dimension to your college resume.

The Student Activities Office also runs campus-wide events, such as the Club Luncheon, end-of-the-year Kish Bash, the Montu Dance Theatre of Chicago, and Frederick Winters: comedy hypnotist.

Can't find what you're looking for? You can also create your own club by finding 10 members and a faculty advisor.

### Philosophy

**Favorite Quotes** "We need more popcorn, STAT!"

"Make new friends! Meet new people! Build leadership and organizational skills! Get involved!"

### Activities and Interests

**Interests** [Developing leadership skills](#), [cultivating students' confidence](#), [providing social and educational opportunities](#), [bringing together students and staff](#), [wafting the smell of free popcorn across campus](#), and [throwing some rockin' parties](#)
